

Finance Manager App

Home Page

- ▶ Displays all financial tools (Crypto Tracker, Bill Splitter, Stock Assistant, etc.).
- ▶ One-tap navigation to each feature.
- ▶ Clean layout with labeled icons for easy selection.
- ▶ Each tool operates independently for focused functionality.

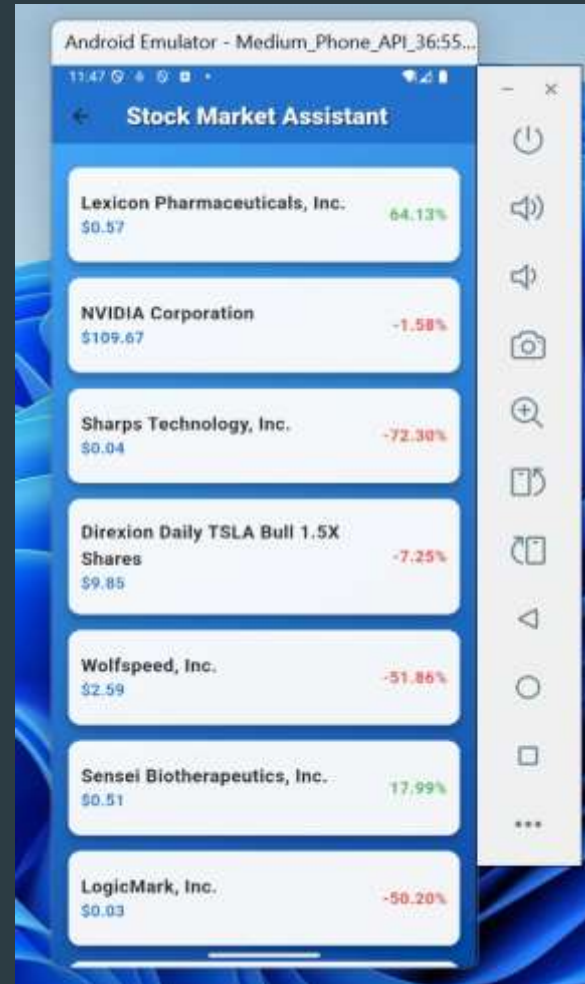

Home Page :

Stock Market Assistant

- ▶ Shows live stock prices and percentage changes (e.g., NVIDIA: \$109.67, -1.58%).
- ▶ Tracks stocks from multiple sectors (e.g., Pharma, Tech).
- ▶ Highlights gains/losses with color-coding (e.g., +64.13% in green, -72.30% in red).
- ▶ Supports adding more stocks or custom portfolios.

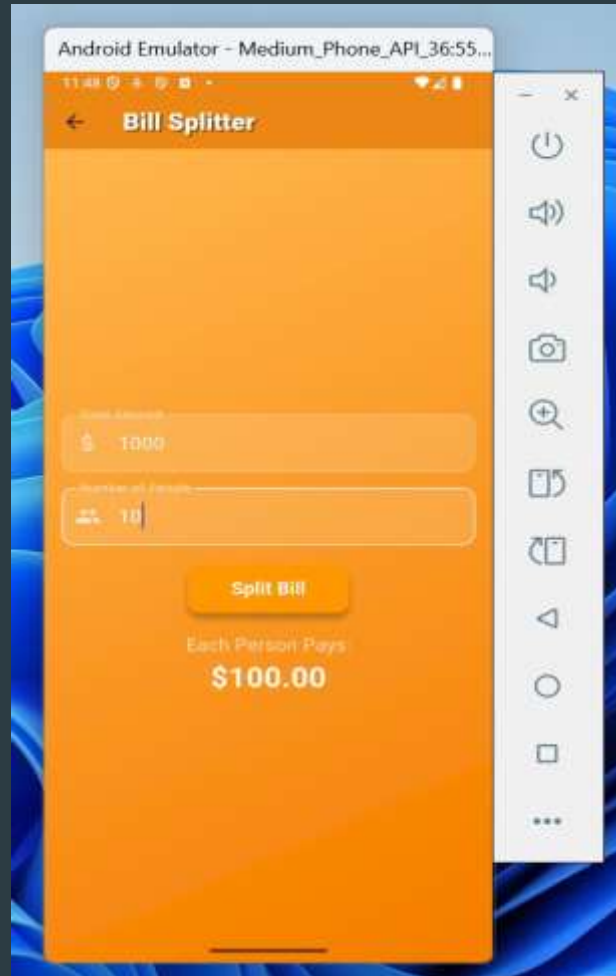

Stock Market Assistant Page :

Bill Splitter

- ▶ Total amount and number of people (e.g., \$1000 among 10 people).
- ▶ Auto-computes each person's share (e.g., \$100.00).
- ▶ Updates results in real-time as inputs change.
- ▶ Ensures valid inputs (e.g., non-zero values).

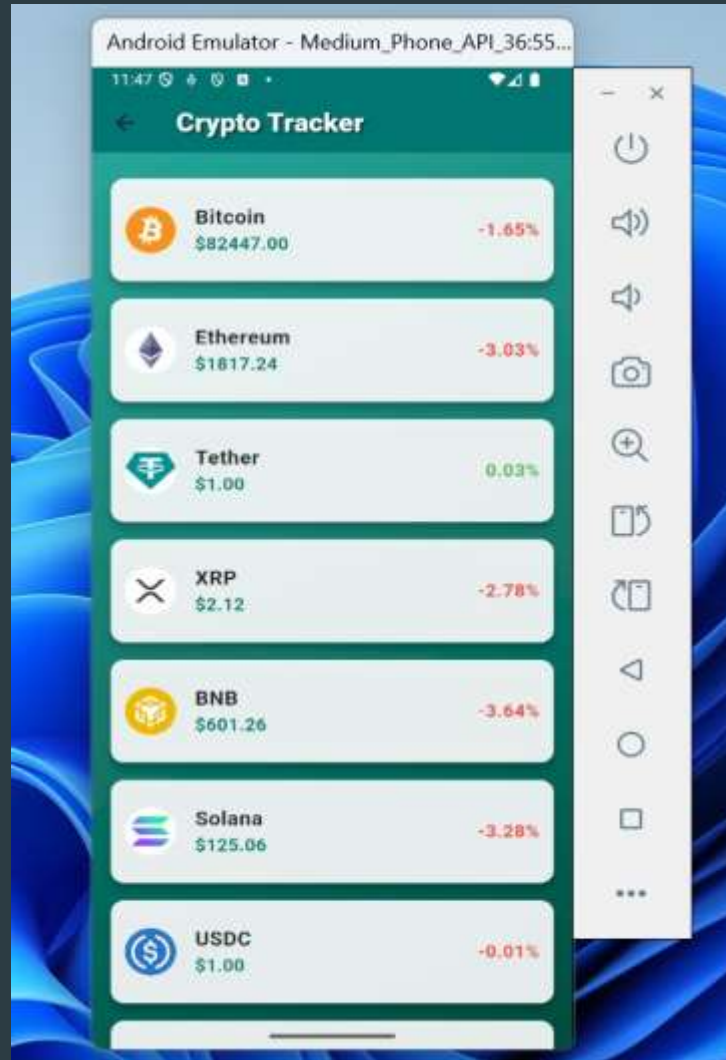

Bill Splitter Page :

Crypto Tracker

- ▶ Tracks major cryptocurrencies (e.g., Bitcoin: \$82,447.00).
- ▶ Displays daily percentage changes (e.g., Ethereum: -3.03%).
- ▶ Includes USDC/Tether with minimal volatility.
- ▶ Can add more coins or link to exchanges.

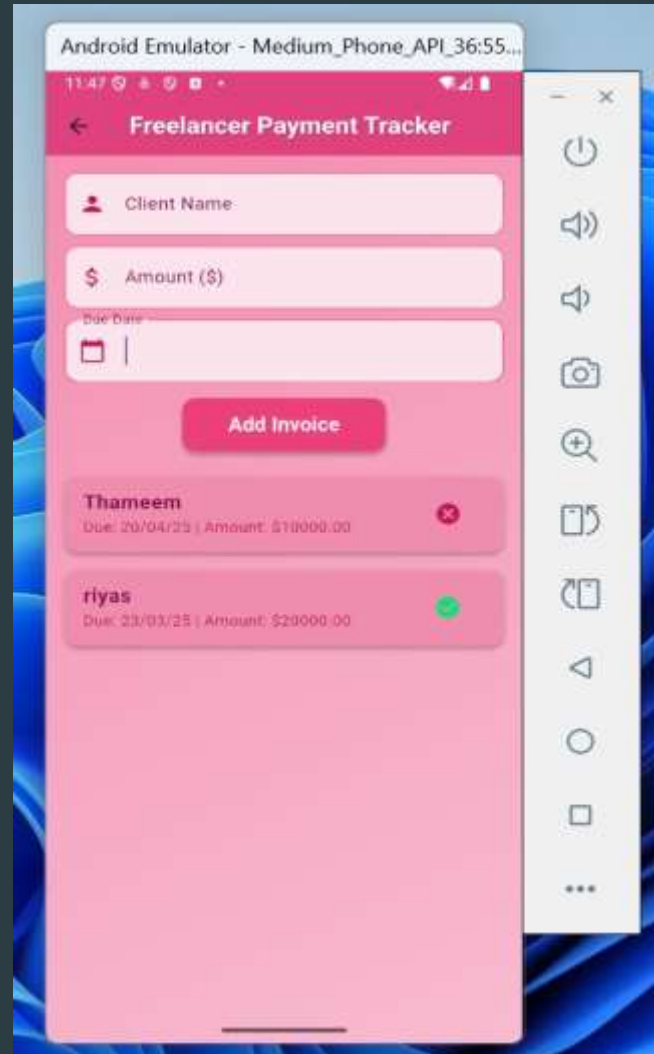

Crypto Tracker Page :

Freelancer Payment Tracker

- ▶ Logs client names, amounts, and due dates (e.g., Thameem: \$10,000 due 20/04/25).
- ▶ "Add Invoice" button for new entries.
- ▶ Lists pending payments chronologically.
- ▶ Potential to sync with calendar apps.

Freelancer Payment Tracker Page :

Investment Planner

- ▶ Initial investment, years, and interest rate (e.g., \$10,000 at 2% for 2 years).
- ▶ Computes returns (e.g., \$10,400.00).
- ▶ Slider or manual input for interest rates.
- ▶ Displays results prominently for quick analysis.
